IN RE: BUDGET FOR "IT" DEPARTMENT

Larry L. Brady, Commissioner has brought up to the Council about having a budget for the IT Department, we need to set down and discuss on paper a budget. We need to know what fund this budget would come out of. We could use Cumulative Capital Development, maybe some of it. We would like input from the Council regarding this. Maybe if a budget was done for IT then we would be able to reduce the amount spent in some of the department, items that are already budgeted.

IN RE: ANIMAL CONTROL

Larry L. Brady, Commissioner brought up Animal Control. What direction are we going with that? We need to look ahead and come up something. Maybe make the animal control full time and have a shelter of some sort.

At one time we had dog tax, what happen that stopped that? The state discontinued dog taxes. Thomas J. Roth asked what is the law regarding this? Sheriff Richwine said that the counties around us all have full time animal control officers. Sheriff was asked "how many calls do we get regarding animals", Sheriff said he could get the information for us.
