

SUPPORT COVID-19 RESPONSE EFFORTS!

The **Pulaski County Care Fund** through the Community Foundation of Pulaski County will provide assistance to local community organizations responding to COVID-19.

How can I support Pulaski County's COVID-19 response efforts?

- Give online at www.cfopc.org/Covid-19response
- Send your check payable to CFPC/Pulaski Co Care Fund to P.O. Box 407, Winamac, IN 46996.
- Give through your donor advised fund, recommending a grant to CFPC for Pulaski County Care Fund/COVID-19.

What will grants from this fund support?

- Grants will be made to support community organizations directly responding to Coronavirus-related needs. Fund resources will not provide direct grants to individuals.

Should I give to this fund instead of making other donations?

- Gifts to this fund will enable CFPC to quickly get charitable resources where needed most, focusing initially on basic needs. Please continue to give to organizations you regularly support, as this is a difficult time for all our nonprofits.

How can my organization apply to receive funding?

- To help address needs quickly and not further burden nonprofits, a traditional application process will not be used. Organizations can fill out a brief form at www.cfopc.org/Covid-19response to ensure they are considered for funding.

A listing of grantees will be published on the CFPC website.

In the event that all funds contributed are not able to be distributed to COVID-19 response efforts, any remainder will stay in the Pulaski County Care Fund for future emergency needs.
